Sea Level Rise Flood Connectivity Between Bay Area Jurisdictions

Source: Inundation extents from BCDC's Adapting to Rising Tides (2017)

For description of the purpose and methods used to create this map, go to https://sfbaycharg.org/our-work/jurisdiction-connectivity/

This flood connectivity is based on readily available information, and only intended for high-level regional planning. Actual flood management decision-making authority remains with local agencies and land owners.
